

Sub Sig, Inc.
Membership Director Report for year ending 9/30/2024
Prepared by Jean Curley Barrett
(position tenure 10/24/2019 – present)

Overview of Club Membership:

The club welcomed 23 new members during this fiscal year. There were 87 members current-on-dues for fiscal 2024.

Position issues

The passing of my husband in April '23 did continue to impact me for fiscal '24, and I certainly did not get out for much hiking at all nor to the cabin very much either. At this point, most of the estate issues are handled, and I am working hard to get back to what will now be a new normal.

Position-specific Accomplishments:

- Maintained the club's membership list; ensured the cabin posting of current-on-dues member list was updated regularly.
- Promoted the club to individuals met on the trails (although barely hiked this year) but certainly did via other locations.
- Responded to inquiries received by the club throughout the year.
- Responded as necessary to member issues that surfaced during the year.

Future Plans (if re-elected):

- Continue effort to bring in new members, and welcome those who join.
- Maintain member list and ensure cabin postings are regularly updated.
- Handle member questions / issues promptly and as necessary. Offer anonymity as needed.
- Work with appropriate board members to determine responsibilities for various newsletter(s) for best communication of club news. Based on decisions made, complete appropriate effort for best benefit to membership.
